New Residents

Louis Antonucci, Suite 239, grew up in Revere alongside his twin brother Vinnie and his younger sister, Johanna. Upon graduation from Revere High, Louie studied electronics at the former Massachusetts Industrial Tech School. Louie's first job was with AFCO doing research under a government contract. The father of two children and one granddaughter, he served six years in the Army Reserves. Louie made a 26-year career working at Polaroid's Cambridge site until their closure, while Vinnie also made his career working for Polaroid. Being in the company of Louie and Vinnie is a delightful balance of twin brothers engaging in playful teasing, and the more serious side of describing themselves as soul mates with so much in common. As a hobby, the two enjoyed the camaraderie of working on automobiles together. These days, in his spare time, Louie enjoys playing cards of all sorts.

Ray Pothier, Suite 385, joins us from his home located on the west coast of Florida. Born and bred in Arlington, Ray is a graduate of Arlington High, studied at Tufts University for two years before obtaining a Masters in Electrical Engineering from Northeastern University. The father of three children, Ray and the family were across-the-street neighbors in Winchester to Bill and Joyce Cummings. Ray enjoyed a 31-year career with Raytheon, highlighted when he and his family spent two years in Paris working for

the company. Ray and his wife have been on numerous cruises, literally all over the world, with a 65-day cruise being one of the most notable. Now settled in his new home, he can be seen walking all over town, and is a volunteer for our local St. Vincent DePaul Society at their pantry and thrift shop.

Labor Day

Monday, September 2

Labor Day is the first Monday of September and celebrates the American workforce.

It was a perfect summer day to enjoy a cocktail party with live music on the patio!

Terry Ciacia and Peggy Pellegrino enjoying a beverage, the music, and each other's company.
